SHAPING THE WORLD

## ABOUT US

*Discovered the golden opportunity with self-innovative thought in 1993 of starting career as Government Contractor for Road Development Work. Added flavor to career as a building material supplier and started Earthmoving Land Development Works*

*The first Golden Flower came through the first Earth Excavator we owned in 2001. Today our Golden flowers are moving all around Maharashtra, Goa, Gujrath, MP, Karnataka and all over India. This rise is sole endeavor of our success and your support.*

*We accept Turnkey Projects in Mass Excavation and Filling Contracts with allied Civil Work.*

*We achieved the success through Hard Work, Relationships, Quality, Commitments and Promises that we followed throughout these years.*

*Yes ! We are proud to say we are Professionals and Committed one's in this field.*

*There are some few in this business who accept challenges & take risk. We surely are one of them. Because you motivate us !*

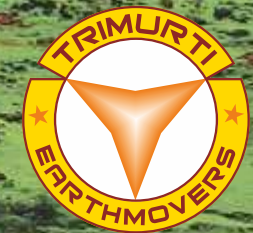

*Your motivation & our Professionalism has given us today's Results & so we are walking on path of Success.*
